

Protect each other from COVID-19

Masks are mandatory in certain indoor public places

Here's how to safely wear a mask

✓ DO

Wash your hands before putting it on and after taking it off

Ensure it fits around your nose and mouth without space at the sides

Put it on and take it off by touching just the straps

If reusable, store it in a clean place and wash it regularly, or discard in a trash can when it is damp, soiled or crumpled

✗ DONT

Don't touch your mask while in public

Don't touch your eyes, nose or mouth until you have thoroughly washed your hands

Don't share coverings or masks with others

Don't use professional- and medical-grade masks. Use a non-medical mask, balaclava, bandana, scarf or other similar item

To learn more about how to protect yourself and others, visit [halton.ca/COVID19](https://www.halton.ca/COVID19) or call 311.
